Queen Elizabeth High School

AP Program Information Session

February 6th, 2025, at 6:30 p.m.

512 18 Street NW
Calgary, Alberta
t | 403-777-6380

This session will provide information for current and future High School students about the Advanced Placement Program at Queen Elizabeth High School for the 2025-2026 school year

Session will be held in the library at 6:30pm

Advanced Placement Program Information

- AP Courses allow students the opportunity for deeper more rigorous learning
- University style learning – research, labs, critical thinking
- Smaller classes with likeminded peers
- Blend of 30 level High School credits and first year University credits
- Flexibility to pursue one or more subjects
- Build a foundation for success at Post Secondary

Who should take AP courses?

- Students who have a passion in a certain subject area
- Students with a strong academic foundation
- Students who have a strong work ethic and commitment to academic work
- Students who are looking for advanced credits in first year University
- Students who want to be better prepared for Post Secondary

AP Courses at Queen E:

- Math 20-1AP, Math 30-1/31/35AP
- Chemistry 20AP, Chemistry 30/35AP
- Physics 20AP, Physics 30/35AP (Physics C - Electricity and Magnetism)
- Biology 20AP, Biology 30/35AP
- ELA 2-1/30-1/35AP
